

## School Information

Kempsville Center's Acute program is focused on providing a safe, protective environment for your child/teen to focus on their emotional wellness. While your student will not be required to work on missed lessons/materials; for many working on assignments can ease their transition back to home and school.

### Academic Support

- There are 4 hours of time each day scheduled for your student to work on school assignments as they are able.
- Special Education Certified teachers provide support as needed to your student with questions about their assignments as well provide alternative activities to such as word problems, critical thinking activities and other "brain games".

### Getting assignments to Kempsville Center:

- A Release of Information must be on file for your child's school.
- Make contact with your child's school to get assignments collected:
  - PLEASE NOTE: all school work must be done in paper and pencil
  - **No computers** are used during the Acute Academic times.
  - Guidance Counselors are often a good point of contact for collecting assignments.
  - Provide the student's guidance counselor/teacher with the contact information below for any worksheets/reading material that can be emailed/faxed with the Student's name CLEARLY stated in the subject line/Fax Cover Sheet:
    - [renatta.marble@uhsinc.com](mailto:renatta.marble@uhsinc.com) – Director Education
    - [sandra.dennis@uhsinc.com](mailto:sandra.dennis@uhsinc.com) – acute teacher
    - 757-455-0214 – education department fax
- Text books and worksheets can also be delivered directly to Kempsville by family/guardian.

### Upon Discharge:

- All completed assignments will be returned to the student at discharge to take back to school with them. (If student does not have assignments at discharge, please contact the Director).
